OFFICE OF PETITIONS
DEPUTY A/C PATENTS

Sir:

This is a renewed Petition following the decision dated September 18, 2000 dismissing an earlier Petition to Withdraw a Holding of Abandonment filed on March 6, 2000. This renewed petition for reconsideration is made within two months of the mail date of the earlier decision and therefore, is timely.

The earlier Petition was dismissed on the grounds that the guidelines set forth in the Official Gazette at 1156 OG 53 were not followed. This Petition provides all necessary items set forth in 1156 OG 53 and in view of this submission, and it is respectfully requested that the Notice of Abandonment mailed February 4, 2000 be withdrawn.

The basis for the Holding of Abandonment recorded in the Notice is "Applicant has failed to respond to the Notification of Missing Requirements (Form PUT/DO/EO/905) mailed 6/22/1999 within the time period set therein."

- (1) The Notification of Missing Parts was not received.
- (2) The undersigned has searched the file jacket for the above application and attests that this search indicates the Office Action was not received.
- (3) The undersigned has also searched counsel's docket records including computerized records and those kept manually and attests these records also indicate the Office Action was not received.
- (4) A printout of counsel's computerized docket records showing all items having a

due date of July 22, 1999, printed on July 13, 1999, is submitted herewith as a Exhibit A.

(5) Also provided as Exhibit B is a printout of counsel's computer docketing system showing that "Application Status Check" is still an open item and there is no entry under "Action(s) due" to file missing parts. This "Status Check" remains an open item until the Notice of Missing Parts or filing receipt is received.

(6) Pursuant to this open entry, Ms. Cathy Short was called on November 1, 1999 and December 30, 1999 regarding the status of the Notice of Missing Requirements as evidence by the memos in the file for this application provided as Exhibits C and D.

Accordingly, it is evident that the Notice of Missing Parts was not received therefore, it is respectfully requested that the Holding of Abandonment be withdrawn and that the Notice of Missing Parts be resubmitted.

Respectfully submitted,

Richard J. Traverso (Reg. No. 30,595)
